**IDLEWILD RANCH**

*Shorthorn*

**DISPERSION SALE**

**OCTOBER 22**

1964

**AT THE RANCH**

**SIDNEY, NEBRASKA**

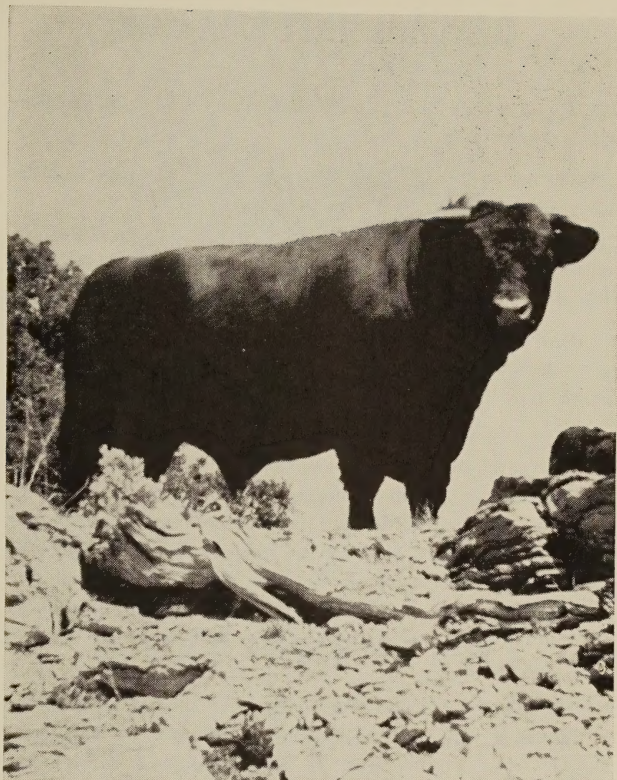

# STANDARD GUARANTEE

Endorsed by  
AMERICAN SHORTHORN ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
  2. All bulls are guaranteed breeders, provided they are not allowed to serve under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
  3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
  4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
  5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs vaccination certificate. Announcements will be made covering animals not clear from vaccination.
  6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
  7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.
- All prospective buyers should check health requirements of their states.

The west is beginning to see more and more of these rugged red bulls on the range. They do their breeding jobs well and produce heavier, early marbling calves.

**CLARENCE and ANNA DORMAN'S  
IDLEWILD SHORTHORN RANCH  
DISPERSION SALE**

**AT THE RANCH  
THURSDAY, OCTOBER 22**

**SIDNEY, NEBRASKA**

**103 HEAD**

**6 BULLS . . .** including two herd sires and four excellent sons of Marellbar Rodeo

**67 FEMALES . . .** 34 with calves at foot and 27 of these are rebred. 33 bred cows and heifers.

# GENERAL INFORMATION

**TIME** — The sale will be held Thursday, October 22. The sale will get underway at 12:30 p.m.

**LOCATION** — At Idelwild Shorthorn Ranch located 3 miles north and 2 miles west of Sidney, Nebr.

**TERMS** — Terms of this sale are cash unless other arrangements have been made with the owners and the sale manager is notified.

**GUARANTEE** — All cattle will sell under the Standard Guarantee endorsed by the American Shorthorn Breeders' Ass'n. Statements from the block take precedence over footnote material.

**LIABILITY** — Each transaction in this sale will constitute a contract between the buyer and seller of each lot. The auctioneers, ringmen, or sale manager have been employed by the consignors for specific tasks not connected with the handling of the cattle or the condition of the premises and they will accept no liability, legal or otherwise, for the buying contract or for any accident. Neither can the seller accept any liability for injuries that may occur. All persons attend this sale at their own risk.

**REGISTRATION CERTIFICATE** — A certificate of registry will be furnished with each registered lot and will be transferred to the buyer without cost to him. Application for registry, properly signed, will be furnished with each unborn calf sold in dam.

**HEALTH** — All cattle are absolutely healthy in every respect and will have passed T. B. and Bangs tests within 30 days of the sale. Health certificates will be furnished with each lot to meet the requirements of any state or territory.

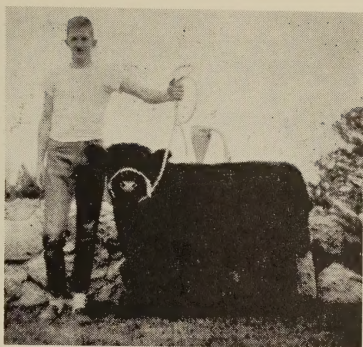

**LUNCH** will be served at the farm by the Women's Fellowship of the Christian Church of Sidney.

**LODGING** — Those from a distance will find good accommodations at the following Sidney sites: Ft. Sidney Motor Hotel, El Palamino Motel, and De Luxe Motel.

**AUCTIONEERS** — Dick Kane, Wisner, Nebr., and Ernie Sherlock, St. Francis, Kans.

**SALE MANAGER** — Bill Stunkel, 1228 N. Nye Ave., Fremont, Nebr.

**FIELDMEN** — Lawrence Buller, Nebraska Farmer and Colorado Rancher and Farmer; Mack Jones, Western Livestock Journal.

**IDLEWILD PRINCE BOB 2nd**  
A typical Dorman production. This soggy young sire is by Beldale Prince Bob whose breeding is well represented in this offering.

## **A GOOD PLACE TO BUY!**

The greatest buying opportunities always come in dispersion sales. Only at such times are prized, regular producing families offered. This sale will offer many buying opportunities because . . . the cattle are offered in their working clothes and are ready to go right on working for their new owners . . . some of the breed's most highly respected blood is represented . . . the quality of the offering is high . . . the Dormans are highly regarded for their guarantees and for the quality of their productions . . . the Shorthorn breed is on the move.

More and more profit-conscious farmers and ranchers are learning that Shorthorns give them more weight for age, greater milking ability, and dependable breeding performance. That is why the demand for Shorthorn bulls in crossbreeding projects has outreached the supply. Help fill this demand by buying some of the dependable female producing families offered in this sale.

### KAIR RANGER

The 1957 International reserve grand champion and sire of the Dorman herd bull, Marellbar Rodeo.

LOT 1 — MARELLBAR RODEO — A great son of a great sire. We bought this thick fleshed, beefy bull in 1960 at eight months of age at the Marellbar dispersion for \$2,000. We chose him because of his outstanding individuality, and upon seeing the calves by him, we know we made a wise choice. They are consistently uniform in color, type, quality and fleshing ability. His sire, Kair Ranger, was winning Supreme Champion in 1956 in Scotland's greatest shows. After arriving in America he was exhibited in his working clothes at the 1957 International where he was awarded the reserve grand championship. Exhibited again at 1958 International along with his first calves he won the Reserve Senior Championship. He sold in the Marellbar dispersion for \$4,200, and following the sale, this famous imported sire re-sold at \$5,500. Four of Marellbar Rodeo's bulls and twenty-five heifers calved before 1964 sell in this sale.

If you want sires that will give you bred-in thickness, better heads, and wide, deep rearquarters then you'll be interested in Marellbar Rodeo and the sons offered in this sale.

### ABERFELDY ROYAL ROBIN

The 1962 Canadian National Exposition reserve grand champion and sire of Aberfeldy Demonstrator whose service is a feature of this dispersion.

LOT 2 — ABERFELDY DEMONSTRATOR — The young bull we purchased at the 1962 Chicago International. He is sired by Aberfeldy Royal Robin, reserve senior champion at Canadian National Exposition and Royal Winter Fair. First in class at Chicago. We have mated the Marellbar Rodeo heifers to Aberfeldy Demonstrator and are getting quality calves.

In these days of low profit margins a farmer and rancher has to watch his costs closely. So, why pay more for bulls of other breeds when a Shorthorn can do so much more to give you extra profits?

[Butterfield Colonel  
Red, M. D. Whimple  
Grand Corinne 2d  
Roan, J. M. Rook

LOT 6 — IDLEWILD RANCHERO — This dark roan is out of a dam who is a member of that Grand Corinne family that has produced so many good calves for us. Here is a rugged, growthy bull that will work improvement in a herd.

## **WHY USE SHORTHORN BULLS ?**

John Catron, Camp Crook, South Dakota, turned a Shorthorn, a Polled Hereford, and an Angus bull with 120 cows. One hundred calves resulted. Catron did not guess — he weighed the calves.

### **THE BOX SCORE**

<b>Sire</b>	<b>No. Calves</b>	<b>Average Weaning Wt.</b>	<b>Total Pounds</b>
Shorthorn .....	47	330 lbs.	15,510
Hereford .....	34	306 lbs.	10,404
Angus .....	24	313 lbs.	7,512

John Catron, just like you, Mr. Cattleman, was interested in production of total pounds of quality meat. That's why he now is convinced of the advantages and reliability of Shorthorns. You, too, can harvest this kind of a crop by using Shorthorns.

LOT 17 — COLOMEADOW ELIZA — Her sire, Edellyn Squadron Leader, won the Nelson trophy for the best calf at the American Royal the year he was shown. Her dam, Eliza 42d, was a Missouri champion. Her 1959 bull calf, Idlewild Prince Bob 2d, was high selling animal in our November 1959 production sale, after winning 1st prize Junior Bull calf at the Logan county, Colorado fair and the Cheyenne County, Nebraska fair, the only two times he was shown. His full brother, Idlewild Royal Lad, was 1958 champion steer at the Cheyenne County Fair and stood high in blue at Ak-Sar-Ben. Her 1960 bull, Idlewild Prince Bob 3rd, was reserve champion of the Nebraska Shorthorn Open Class Show at Columbus and second high selling bull. Another bull, Idlewild Royal Rodeo, sells in this sale as Lot 4. She sells with a May bull calf at foot by Marellbar Rodeo and is PASTURE MATED TO THE SAME BULL.

Tom Hawkins, Hawkins Cattle Co., Ft. Klamath, Ore., testifies . . . "In 1950 we were using only whiteface bulls. We gradually changed to all Shorthorn bulls and by 1960 we had increased our weaning weights by nearly 100 lbs. per calf. Our average calf weighed 680. We always get more for our calves than do our neighbors with another breed."

LOT 26 — BLUEBELL AUGUSTA — Her grandsire, Camson Better News, sold as a calf for \$10,000. She is a cow that puts size and width in her calves, as is evidenced by her 1962 heifer, Resounding Bell, selling as Lot 53. Her 1964 calf was accidentally killed; she should calve in the early spring to the services of Marellbar Rodeo.

## IN CASE YOU DIDN'T KNOW!

Of course, anyone who has a herd of Shorthorn cows, or who has used Shorthorn bulls, knows of their superior profit making ability. In case you have not had experience with Shorthorns, we urge you to get better acquainted. Here are a few facts . . .

- Shorthorn bulls sired calves with higher gains, heavier weights and better carcasses when used on blacks and whitefaces than did the black-whiteface cross in a recent Louisiana State University test.
- Shorthorns outgrossed all beef breeds in a summary of 31 feeder calf sales held in Virginia . . . \$5.85 more than blacks and \$7.00 more than whitefaces sold in these sales.
- Shorthorns have topped the Kentucky Performance Tests for the sixth straight year. They led in average daily gain, adjusted average daily gain, type score, and index value.
- A study by the Quebec Department of Agriculture proved that Shorthorns mature earlier and produce a higher carcass grade than blacks and whitefaces.

Bob Rutledge, Donahue & Rutledge Ranch, Cheyenne, Wyo., says . . . "We started with whitefaces . . . but snowburned udders reduced our weaning weights. We then bought black bulls but ran into shy breeding problems after we had gone completely to Angus. This resulted in a short uneven calf crop and a long drawn out calving period. We then changed to Shorthorn bulls. The advantage has been 50 to 75 lbs. increased weaning weight and one to two cents per pound premium. We have 70 per cent of our calves in the first three weeks of calving."

C. A. Mallett Cattle Co., Miles City, Mont., writes: "Our cow herd contains 600 Angus and crossbred cows. Our entire sire battery is now Shorthorn bulls. We purchased Shorthorn bulls to get a better calving percentage, a heavier calf, and a better feeding animal. Shorthorn crossbreds wean about ten per cent heavier than straightbreds of other breeds. I think the Shorthorn cross will eliminate a lot of the cancer eye and womb troubles of the Hereford."

**Sixty of the cows and heifers in this sale are  
 safe in calf to two excellent breeding bulls.**

---

---

The next 25 heifers are all daughters of Marellbar Rodeo that we purchased at the Marellbar Dispersion for \$2,000 at the age of eight months. He has proved himself worth that price many times. He is a son of Kair Ranger, 1956 supreme champion in Scotland's greatest shows and reserve grand champion at the 1957 Chicago International. All of these heifers are bred to Aberfeldy Demonstrator by the 1962 Canadian National Exhibition reserve champion Aberfeldy Royal Robin.
